

Kemp Hardware Modular Lighting System

Pick your Transformer (page 10)

Connect your switch or dimmer (page 2 & 9)

Then to your strip or puck light (page 7)

Our modular lighting system allows you to design a configuration to suit your exact needs. Choose the power source, the switching system and the exact light you need.

Connected by compact DC plugs.

Our low voltage LED system is connected by small DC connectors and extension connectors. Only a small hole is needed to run the power source and no need to worry if an incompatible product is connected.

Grommet Wireless Charging Unit with USB Charging

Part Number	Description	Finish
318 24315 08	60mm Rotating wireless charging grommet with USB charging jack	Black
852 40460 05	60mm Round 3-piece Grommet	Brown
852 40460 08	60mm Round 3-piece Grommet	Black
852 41461 08	60mm Flex Grommet	Black

Standard 3 piece Grommet

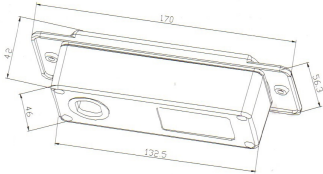

Flex grommet

60mm Black grommet alternative.

Power Center with 2 USB Charging Plugs

Part Number	Description	Finish
318 22204 08	2 Tamper Proof Outlets 4.2 amp Power Box 10' cord	Black
318 22204 18	2 High Use Outlets 4.2 amp Power Box 10' cord	Black

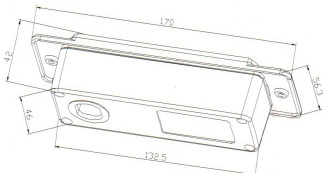

Cutout Dimensions

Power Center with USB Charging USB with switched power cord

Part Number	Description	Finish
318 22205 08	2 Outlet 2.1 amp Power Box with switch 10' cord	Black

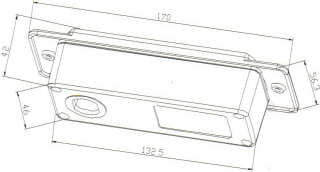

Cutout Dimensions

Gaming Power Center

Part Number	Description	Finish
315 22207 08	2 Outlet Gaming Power Box with RCA and HDMI pass through jacks 10' cord	Black

Cutout Dimensions

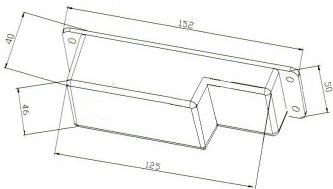

Power Center Metal Cover Plate - prevents theft

Part Number	Description	Finish
199 80926 08	Metal Cover Plate for above power centers	Black
199 80926 26	Metal Cover Plate for above power centers	Satin Nickel

Power Center with 3 USB Charging USB

Part Number	Description	Finish
318 22302 18	2 Outlet 2.1 amp Power Box with side power outlet 10' cord	Satin Nickel

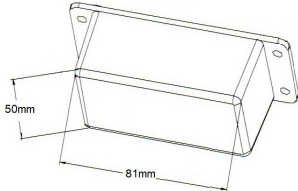

Cutout Dimensions

Metal Face Power Center with USB Charging

Part Number	Description	Finish
318 12202 26	1 Outlet 2.1 amp Power Box with metal face 10' cord	Brushed Chrome

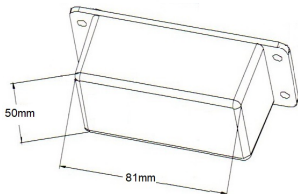

Cutout Dimensions

Power Center with 2 USB Charging USB

Part Number	Description	Finish
318 12202 08	1 Outlet 2.1 amp Power Box with 110mm x 55mm Plastic face 10' cord	Black

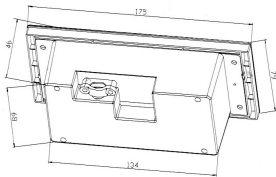

Cutout Dimensions

Hospitality Power Center

Part Number	Description	Finish
318 22213 08	2 Outlet 3.1 amp Power Center with overload protection	Black/Black
318 22213 02	2 Outlet 3.1 amp Power Center with overload protection 10' cord	White/Silver

Cutout Dimensions

Compact Round USB Charging Unit

Part Number	Description	Finish
318 40202 08	40mm Round USB charging unit 2.1 amps 5' cord	Black

Grommet Power Box with USB Charging Jacks

Part Number	Description	Finish
318 40280 08	60mm charging grommet with 110 watt plug and 2 USB charging jacks	Black
852 40460 05	60mm Round 3-piece Grommet	Brown
852 40460 08	60mm Round 3-piece Grommet	Black
852 41461 08	60mm Flex Grommet	Black

Standard 3 piece Grommet

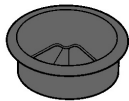

Flex grommet

60mm Black grommet alternative.

Large Round Power Center with USB Charging

Part Number	Description	Finish
318 40280 08	80mm Round USB Charging Unit with 2 Power Outlets 2.1 amps	Black
852 40480 08	80mm Round 3-piece Grommet	Black

80mm Black grommet alternative.

Companion USB charging transformer.

Ultra Compact USB Charging Unit

Part Number	Description	Finish
318 40221 08	Compact USB Charging Outlet 5' cord	Black
318 40222 08	His & Her's Double Compact USB Charging Outlet 5' cord each side	Black
318 90202 08	USB Transformer 110 volt to 12 volt 2.1 amps 6' cord	Black

Computer Center Power Box

Part Number	Description	Finish
315 FC620 08	Power Box non charging USB 5 1/4" x 1 7/8" cut out	Black
315 FC627 08	Power Box charging USB 5 1/4" x 1 7/8" cut out	Black

Surface Mount Power Box

Part Number	Description	Finish
318 53708 08	3 Outlet Surface Mount Power Box 10' cord	Black

Surface Mount Computer Power Box with Remote Switch

Part Number	Description	Finish
315 FC715 08	6 Outlet Power Box with 15 amp Breaker	Black

Surface Mount Computer Power Box

Part Number	Description	Finish
315 FC717 03	5 Outlet Power Box with 15 amp Breaker	Black

Mounting clips included

Recessed mount

LED Strip light in Aluminum extrusion

Part Number	Description	Finish
317 33030 02	Surface Mount 12" LED Strip Light 3500K warm white light with built in switch	White/Aluminum
317 33060 02	Surface Mount 24" LED Strip Light 3500K warm white light with built in switch	White/Aluminum
317 33030 12	Surface Mount 12" LED Strip Light 3500K warm white light	White/Aluminum
317 33060 12	Surface Mount 24" LED Strip Light 3500K warm white light	White/Aluminum
317 33150 12	Surface Mount 59" LED Strip Light 3500K warm white light	White/Aluminum
317 31030 02	Recess Mount 12" LED Strip Light 3000K warm white light with built in switch	White/Aluminum
317 31060 02	Recess Mount 24" LED Strip Light 3500K warm white light with built in switch	White/Aluminum
317 31030 12	Recess Mount 12" LED Strip Light 3000K warm white light	White/Aluminum
317 31060 12	Recess Mount 24" LED Strip Light 3000K warm white light	White/Aluminum
317 31150 12	Recess Mount 59" LED Strip Light 3000K warm white light	White/Aluminum

Sold as a complete system with switches

Toggle switch for system

73" His & Her's LED Accent Light

Part Number	Description	Finish
317 16173 26	73" His & Her's LED Accent Light Set	White/Aluminum

310 FC305 08	Florescent Task Light 17 1/2" x 2 3/8" x 7/8"	Black

Flush Mounted Lights

Part Number	Description	Finish
317 32101 26	3 LED Flush Mounted Light (65mm hole cutout)	Satin Nickel
317 32101 08	3 LED Flush Mounted Light (65mm hole cutout)	Black

Large Halogen Puck Light with T-Plug connectors

Part Number	Description	Finish
310 FC470 08	120 volt 35 watt 3-1/4" 2 T-Plug lead	Black
310 FC475 08	120 volt 35 watt 3-1/4" 1 T-Plug lead	Black

1-30" Male & 1-30" Female T-Plug Lead

Small LED Light with Automatic on/off Switch

Part Number	Description	Finish
310 21100 08	Small Battery Powered LED Light	Black
310 21100 06	Small Battery Powered LED Light	Gray

Can be mounted to most concealed hinges

Touch Activated Switch and Dimmers

Part Number	Description	Finish
318 52631 08	On/Off DC Touch Switch contact point not supplied 12" male and 7" female cord	Black
318 54631 08	3 Step DC Touch Dimmer contact point not supplied 12" male and 7" female cord	
315 FC505 08	3 Step 110 volt Touch Dimmer contact point not supplied. Comes with T-plugs.	Black

T-Plug In Line Roll Switch

Part Number	Description	Finish
315 FC520 08	In Line Roll Switch on 10" Cord with T-plug female	Black

Push Switch

Part Number	Description	Finish
315 FC500 08	On - Off Push Switch	Black

Toggle Switch

Part Number	Description	Finish
318 52531 08	On - Off Toggle Switch with DC low voltage plugs	Black

His & Hers Low Voltage Control System

Part Number	Description	Finish
318 53531 08	His & Hers Toggle Switch system with DC low voltage plugs	Black

Light not included

Normally On Switch (power on when door opens)

Part Number	Description	Finish
318 53611 02	Normally On Switch with DC low voltage plugs with 2 - 12" cords	White

Rotary Dimmer

Part Number	Description	Finish
315 FC510 08	One Male T-Plug cord Full Range Dimmer	Black
315 FC515 08	One Male T-Plug cord High/Low Dimmer	Black

DC Connection Cords

Part Number	Description	Finish
318 53624 08	DC low voltage jack 24" connection cord	Black
318 53630 08	DC low voltage jack 30" connection cord	Black
318 53660 08	DC low voltage jack 60" connection cord	Black

DC to DC cord

2 Way splitter

DC Splitters

Part Number	Description	Finish
318 53720 08	DC low voltage Splitter 1 female - 2 male 12" cords each	Black
318 53740 08	DC low voltage Splitter 1 female - 4 male 12" cords each	Black

4 Way splitter

USB Cable Transformer

Part Number	Description	Finish
318 90202 08	USB Jack Transformer 2 amp	Black

Inline Transformer

Part Number	Description	Finish
318 90302 08	Inline Transformer 2 amp 6' cord	Black
