**Single Pedestal Base Table**

Wood Table Slides

Our table slides come from the premier manufacturer of wood table slides in North America. We use the finest hard maple, selected by specialists and carefully kiln dried to exacting specification required for manufacturing the best wood table slides. Every component of our table slides is made in state of the art wood production facilities to guarantee the quality. All our wood slides are made from clear

hard maple and are never finger jointed, never a mix of wood species. All components are meticulously designed and manufactured using the latest technology to offer the best slide on the market. Leading edges under the table slides are bull nosed for a more consumer friendly prod-

Metal Table Slides

Acme Metal Slides has been a leading supplier to the furniture industry for over 60 years. Acme products have been proven in the marketplace and outstanding service has earned the respect and loyalty of customers all over the world. Acme's standard products meet or exceed the requirements of most manufacturers. If you have an application not met by standard models, Acme's experienced engineers will design a slide especially for your use. All Acme products are made in the U.S. and are covered by a lifetime guarantee..
