Vertical Wall Bed System

Horizontal Wall Bed System

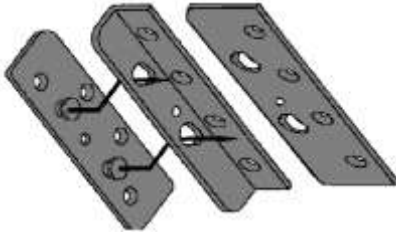

Wall Bed Systems

Our wall bed system comes complete with all hardware and mattress support. The steel frame supports the mattress and the exterior face of the wall bed. The face is not structural in our system making this unit stronger and easier to use as well as more economical.

- **Completely secure and easy to operate.**
- **Only bed on the market that has a locking feature in the open position for total security.**
- **Designed for today's mattresses.**
- **5 year warranty**

Mirror Bracket made from 18 gauge steel, is one of the strongest mirror supports in the industry.

Wing Mirror Brace

Wing Mirror Hinge

Mirror Hinges are designed to self-align the wing to the center mirror. Simply place the mirror frames face down on your work surface and fasten the hinges to the back. With Kemp Wing mirror hinges it's a simple one-person operation. Stocked in the thickness shown with a variety of knuckle lengths, some with decorative tips.

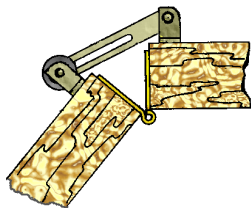

Wing Mirror Brace is designed to provide the extra quality of holding mirror wings in place. This brace is a simple upgrade to any bedroom furniture
